

TRANSFER COURSE EQUIVALENCY

Incoming Students: This list is intended to give incoming students an idea of how select classes will transfer. This is not a comprehensive list of transferable classes or institutions from which transfer credit will be accepted. Incoming students are encouraged to select general education classes required for graduation and to use the college catalog to determine if their intended major specifics any specific general education courses.

Current Students: Core general education courses will not be approved for transfer after a student has enrolled at College of the Ozarks. Current students much have approval to transfer classes into College of the Ozarks prior to taking the course at another institution.

Course Name	College of the Ozarks (C of O)	Ozark Technical Community College (OTC)	Missouri State University -Springfield (MSU)	North Arkansas College	Crowder College	Drury University
Elementary Accounting I	ACT 203	ACC 220	ACC 201	BA 2003	ACCT 201	ACCT 0209

* College-level composition courses taken at other schools, including dual enrollment courses, transfer in and fulfill College of the Ozarks' composition requirements if the student passes the College's proficiency writing test. If a student does not pass this test, the composition course transfers in for elective credit, and the student must take the College's composition courses.
