Holiday Work Weeks

Students participating in the Work Program are required to work two separate 40 hours work weeks when class is not in session. Two of the eight work weeks fall on holidays, such as Thanksgiving and Christmas. If your student has been assigned to work a holiday work week, he or she may be required to work the entire week, depending on the needs of the work station. At College of the Ozarks, we understand these holidays are important to you and your student, which is why a special dinner is hosted by the Pearl Dining Center for the holidays. Your student will be able to have the full holiday meal experience like they have always enjoyed at home.

Upcoming Payment November 1st!

*Final Room and Board Payment is due for resident students.

BEEF SALE

The biennial beef production sale will be held November 26th at 11:00 a.m. in the Sale Barn located next to the College of the Ozarks' Dairy. The sale has been held since 1973 and is a wonderful real-life experience project for

students that are enrolled in the Livestock

Merchandising class. Each of the students, as part of their project, is required to auction, take bids, advertise, and fit cattle to prepare

for the sale. This year, there will be 60

animals for sale. The auction provides

the Beef Operation an opportunity to

sell quality cattle. It is always an

enjoyable experience for the numerous

guests and a learning experience for the

students. For more information about this

event, please contact Bryan Oetting at
